Clear Academic Plan and Pathway
Bar Charts and Benchmark Item Composition - Entering Students

Description - When a student, with knowledgeable assistance, creates a road map — one that shows where he or she is headed, what academic path to follow, and how long it will take to reach the end goal— that student has a critical tool for staying on track. Students are more likely to persist if they not only are advised about what courses to take, but also are helped to set academic goals and to create a plan for achieving them.
