

Online Student Evaluations of Faculty by Course

In an attempt to streamline, provide must faster feedback to Deans and faculty, and significantly reduce the cost, student evaluations of faculty by course will now be done online vs. in the classroom. The survey will be the same one that is currently used for the classroom and data will be provided to the Deans after the end of the semester.

Students and faculty will access the evaluations via myCommNet and Self Service Banner.

Online Survey Highlights

- ❖ Surveys will be available to students during the last three weeks of the semester until grades are rolled for that particular course.
 - ❖ Students can access the evaluation links from any computer with internet access.
 - ❖ Students have one survey link per active registered credit class.
 - ❖ Faculty can only see % completions data for their surveys (no details), until after grades are rolled, consistent with processes to be established at each college.
- 

For Students, Self Service Main Menu page with new link **Evaluate your Course(s)**
