

# ADVANCED SKIN ESTHETICS

---

## Job Description

Estheticians provide skin treatments, hair removal, and other processes that help men and women maintain their personal appearance. Estheticians with advanced training can provide chemical exfoliation, microdermabrasion, lash and eyebrow tinting, and more. Estheticians have extensive knowledge of skin types, potential allergies, and other complications that may arise from treatments so they can make expert recommendations for each client. Work environment can vary from sterile to spa like, plush resorts to home-based businesses, as well as medical spas.

## Employment Outlook

Advanced Estheticians earn an average of \$51,000. These figures include part time workers. Many advanced estheticians earn considerably more. Per the U.S. Bureau of Labor Statistics, employment of skin care specialists is projected to grow 13% from 2016 to 2026, much faster than average for all occupations.

## Admission Requirements

Students must have successfully completed the Basic Esthetics program or currently be working as an Esthetician to participate in this course.

Students must be 18 years of age and have a high school diploma or GED to enroll in this course.

## Students who participate in this program must:

- Have the ability to perform multiple body movements including range of motion of extremities to maneuver in small spaces to complete tasks.
