

ASNUNTUCK COMMUNITY COLLEGE JOB OPPORTUNITY

Mathematics Instructor

Full-Time (35 hours/week), 10 Month, Tenure Track

ANTICIPATED

STARTING DATE: August 2019

MINIMUM

QUALIFICATIONS: Master's degree in Mathematics or Mathematics Education required. College-level teaching experience and the ability to teach a full spectrum of courses in Mathematics from developmental through calculus level. Demonstrated ability to engage students as active participants in the teaching/learning process. Experience teaching with graphing calculators or the software simulation of them. Knowledge of learning outcomes assessment. Active participation in professional development activities and familiarity with current trends in Mathematics and Mathematics Education. Demonstrated commitment to the community college mission and its diverse student population. Evidence of strong verbal and written communication and interpersonal skills.

Applicants who do not meet the minimum qualifications as stated are encouraged to put in writing precisely how their background and experience have prepared them for the responsibilities of this position and by providing appropriate references.

PREFERRED

QUALIFICATIONS: Experience teaching both developmental and credit level Mathematics courses at a community college. Knowledge of placement and assessment practices in Mathematics. Knowledge of current student success initiatives in the discipline. Ability to use technology, experience with online or hybrid courses, and use of web-based instructional support systems. Evidence of a reflective teaching practice. Ability to address the needs of a diverse student body with an array of learning styles. Potential for long-term growth both as a teacher and as a creative and collaborative colleague.

RESPONSIBILITIES: Teach 30 credit hours of Mathematics, including both developmental and degree courses. Participate in discipline, department, and college meetings, develop curriculum, and participate in program and NECHE reviews and assessment at the course, program, and graduation levels. Duties may include K-12 collaboration, community outreach, and other service activities consistent with the mission of the college. Assist with interviewing and evaluating adjunct faculty in Mathematics. Provide academic advising and assist in recruitment and retention of students. May be required to teach a First Year Experience or College and Career Success Course. Perform additional responsibilities in accordance with an approved plan. Serve on college committees as required. Teaching responsibilities may include evening courses.

MINIMUM SALARY: \$55,571 approximate annual, plus excellent benefits package.
