

Blackboard Access

This is a quick reference guide to help you access Blackboard.

IMPORTANT: Never use the INTERNET EXPLORER browser with Bb (faculty or students). Microsoft is no longer doing IE updates, so it no longer supports Bb functionality

1. Students, faculty and staff all normally access the Blackboard by logging into the **myCommNet** website, click: <http://my.commnet.edu> and click **LOG IN**

2. Sign in using your full NetID (i.e., #####@student.commnet.edu) and click **Next** to enter your password.

Sign in

01234567@student.commnet.edu

Sign in

3. Once you signed in, click the Blackboard link on the Home page to enter Blackboard.
This will take you to Blackboard.

The screenshot shows the myCommNet Home page. On the left is a dark sidebar with navigation links: Home, My Student Info, Symplicity and Starfish, My Library Info, Special Programs, and College Resources. The main content area has a header with the myCommNet logo and a search bar. Below the header, the page is titled "Home" with a breadcrumb "Home Community / Home". There are three main content columns. The first column, "Personal Announcements", shows a list of announcements with a red arrow pointing to the "Subject" header. The second column, "Access Your Blackboard", is highlighted with a red box and contains a "Blackboard" link with a "Bb" icon and a list of instructions: "Course syllabi, lectures, homework, etc.", "Bb opens in a new tab or window", "Close myCommNet window to avoid time-out messages", and "Click Support & Training tab for Bb resources". The third column, "Access Banner Self-Service", contains a "Banner Student & Faculty Self-Service" link with a graduation cap icon and a list of services: "Course registration, add/drop classes", "Degree requirements", "Transcripts", "Accounts/billing", "Financial aid", "Course evaluation, and more!", and "FACULTY: Enter grades, check course rosters, etc.". At the bottom of the sidebar, there is a "Show Hidden" checkbox.
