

The Center for Advising and Student Achievement is adjusting our protocol for course registration advising beginning Monday, August 16th through the Add/Swap period, Wednesday, September 1st. **In-person, drop-in advising is not guaranteed, so it is strongly recommended to schedule a virtual or in-person *appointment*.** If you'd prefer a drop-in meeting, please utilize our virtual options. We look forward to serving you as best as we can while also adhering to safety protocols for both students and staff.

Please refer to the chart below to understand the types of appointments we can offer during this busy time.

If you have questions or need assistance, call 860-253-1207 or email AS-Advising@asnuntuck.edu. We look forward to speaking with you soon!

Virtual Advising (appointments and drop-ins) <i>Video chat and phone options</i>	In-person Advising (appointments and drop-ins)
No mask required	Masks required; must cover mouth and nose and be worn the entire visit throughout the building
Students can bring a support person (parent, significant other, guardian, etc.) to appointment	Student and advisor are the only people who can safely occupy the office space
No need to socially distance	Must follow social distancing guidelines as indicated
Students and advisors can share screens; advisors can assist in the registration process	Any type of technology instruction is provided verbally to adhere to social distancing guidelines
More efficient and flexible use of time (no driving, save gas money, no need to worry about childcare, can do appointment anywhere). We are also happy to meet with students on their lunch breaks!	Appointments should be scheduled. <i>If students drop-in, they risk waiting for an advisor to be available. Same day meetings are not guaranteed due to the appointment structure in place.</i>
	Visitors should utilize all precautions on ACC campus (hand sanitizer, frequent hand washing, etc.) to minimize risk of spreading germs
