- Preliminary report on Pandemic Impact data
 - Data based on smaller student body due to lower enrollment
 - We may not be able to extrapolate this data based on sample size, but it does provide some useful information:
 - Students enrolled in Traditional courses have the best outcomes
 - Non-white students need more support, regardless of instructional type.
 - OLCR courses, most of which are primarily math, is the least successful instructional format
 - Students in the youngest and oldest age groups need additional support
 - Data to investigate:
 - Outcomes of students who took advantage of laptop loans
 - Course outcomes for students based on previous experience with online course format
 - How to capitalize on previous 1:1 outreach success, currently conducted by Hispanic Excellence Committee members?
 - GPA Advisors will be key in doing 1:1 outreach to the student body
- Report on Inside Track visit, 11.15.21
 - Outside consulting group (with a focus on adult learners) visit pilot schools including ACC, NVCC, TxCC, CCC, HCC
 - Open dialogue to discuss student experiences; visit included mostly continuing students and 1 new student
 - Committee members involved will receive the reports and bring information back to the team.
