Total Credits Required: 60

+Prerequisite Required

**Transfer students must refer to transfer institutions for course recommendations

*Common Course Numbering

Reviewed by: _____

Date: _____

*Students may be waived from the HDEV 101 requirement if they have attained 12 or more credits, with a minimum 2.5 GPA from either 1) a college/university previously attended or 2) Asnuntuck Community College and now desire to enter a General Studies program of study. If waived, a three credit course must be chosen from the Liberal Arts Electives to meet the total credit count for the degree program. Please consult with an advisor to discuss L.A. elective options.

NOTE: All courses for degree credit must be numbered 100 or above. Students planning to transfer should refer to the requirements of the receiving transfer institution.

***Becoming Connecticut State Community College:** STUDENTS: The Community Colleges are undergoing a merger with a plan to become Connecticut State Community College in fall 2023; please work closely with your advisor/program coordinator to select your courses accordingly. Visit <https://asnuntuck.edu/choose-your-pathway/> for more details about the merger.

Program Information

Program Outcomes: “General Studies” is a term used to describe a program of study that contains core general education requirements, but allows for selection of a broad range of subjects including technical or career-specific coursework. The general studies curriculum is designed for students who wish to explore a broad range of subjects and interests. Maximum flexibility in the choice of courses is permitted through open electives. Careful advising and selection of courses is recommended to ensure maximum transferability of courses. Students should regularly seek advising to align course selection with academic and career goals.

Transfer Opportunities: The degree can transfer to a four-year institution. However, this program doesn’t require courses which are often necessary for Bachelor’s degrees, such as foreign language or lab science. **Careful advising and selection of courses is recommended to ensure maximum transferability of courses.**

Employment Information: The Associate Degree gained from either General Studies or Liberal Arts may lead to advancement of employment as well as an increase in earnings.

Graduation Information: A cumulative 2.0 GPA is required to graduate. All courses for degree credit must be numbered 100 or above. Students must complete and submit a Graduation Application to the Registrar's Office in order to graduate. *Graduation Application deadlines:* December graduation - December 1st, May graduation - March 31st, August graduation - August 1st.

Subject Area Designations

ACC	Accounting	CST	Information Systems Technology (Computer-Technology)	MAT	Mathematics
